She stated that the renewal premium is \$344,031 indicating a 9% increase from the current amount. She proceeded to give a brief history of what our present carrier, Lloyds of London, has paid in the last few years. Ms. LeBlanc stated that when they met with the Secretary-Treasurer, they discussed increasing the specific deductible to \$70-\$75. She gave the savings amount if the Parish agreed to the increase. She proceeded to review and explain the 3 Lasers and the specific deductibles.
3. Committee member Martin Triche entered the meeting at this time.
4. Jeri LeBlanc then stated that the Parish covers retirees, some are over the age of 65 and some are not. She then stated that once they are 65 + they are eligible for Parts A & B of Medicare. She explained that Part A is inpatient hospital and is free with enrollment and Part B is outpatient hospital and physician services that requires payment of \$134 with an income of less than \$85,000 and part B \$187.50 with an income of \$85,000-\$107,000. She then proposed an amendment to the Plan that all retirees Medicare eligible be required to enroll in Part A and purchase Part B. Personnel Committee Meeting  
Of the  
Assumption Parish Police Jury

Wednesday, August 9, 2017  
5:20 O'clock p.m.

1. Committee members recorded as present were: Mr. Booster Breaux, Chairman; Mr. Patrick Johnson, Mr. Chris Carter, Mr. Henry Dupre, Mr. Myron Matherne, Mr. Martin Triche.  
Other Police Jurors recorded as present were: Mr. Ron Alcorn, Mr. Jeff Naquin, Mr. Irving Comeaux.
2. Chairman Booster Breaux stated that due to the heat crisis and the afternoon showers it's causing some issues with getting the grass cut. He then recommended that the Parish Manager and the Grants Coordinator give their employees the option to come in a couple of hours earlier one day a week to get this work completed. He then asked for feedback on the recommendation. The Parish Manager stated that he is not interested and would prefer to leave hours as is. The Secretary-Treasurer stated that she is totally against flexed hours. She stated that the Jury can't have employees dictating when they want to come in. She added that what if everyone wanted to flex their hours, employees may not be available when they are needed. She added that according to the personnel manual, there are established work hours for certain personnel. It's designated and there are employees that cut grass all day long and it's no way they can be permitted to flex their hours. The Secretary-Treasurer stated that in the past the request was made for different and personal reasons but that can't be accommodated.  
Chairman Booster Breaux stated that that's why he would like it opened for discussion because there are some instances where it would be beneficial for some employees to have the option on a weekly basis during the summer months.  
The Grants Coordinator stated that this request is relevant to the Community Center which is a little different than the grass cutting that's performed at the Road & Bridge Department. She stated that the APCC is a venue that people spend a lot of money to rent for an event. She proceeded to state that the issue didn't start with the heat, there's a monsoon every day by noon and it's taking 2-3 days to have the grass cut and not to mention the work that's needed to prepare for an event. The Grants Coordinator stated that she mentioned it to the Personnel Chairman because there are rules and she's not trying to break them, she's trying to make the best decision possible to operate the facility in the best manner it can be operated to satisfy the people that are paying to utilize it. She added that she didn't think it would be that detrimental to adjust work hours, one day a week for lawn maintenance day. In response, she stated that they have a different schedule weekly, there can be one event scheduled this week and three next week and she would not want someone to drive up for an event and the grass is not manicured. She further stated that no overtime is being requested and that department has a different situation than other departments.  
The Secretary-Treasurer stated that the Personnel Manual requires maintenance personnel to work from 7 a.m. to 3 p.m. but upon that position being filled, the request was made that the person be there from 8 a.m. to 4 p.m. to be available to get the facility ready. Therefore, technically in accordance with his classification, he should be there from 7 a.m. to 3 p.m. but if he remains on the job until 4 p.m., he would then have 5 hrs. of overtime weekly.  
Chairman Booster Breaux stated that the overtime is not the issue in this situation and if it wasn't a problem it would not have been brought before the Jury.  
The Grants Coordinator stated that she is not requesting that this happen all year long but for the season when it rains every day according to the radar.  
The Secretary-Treasurer stated for the record that the Police Jury is an Equal Opportunity Employer and what's offered to one employee has to be offered to all.  
A brief discussion was then held regarding the R&B Department being allowed to utilize this discretion if needed, the ability not to cut grass following rainy days, etc.  
The Grants Coordinator stated that within the last five years she has requested assistance with the facility.  
Committee member Martin Triche stated that the Parish has a beautiful facility that is used tremendously and he thinks the Director should have the authority and should not be questioned when a decision is made to do what's needed to be done. He stated that people are paying to rent the facility on the weekend and he has had conversations with the Parish Manager to provide assistance when needed. He stated that he has had multiple conversations with the Parish Manager to provide assistance at the APCC and when they did, it was poorly done and he had to contact him to have them return to clean up. He added that the R&B crew are public works employees not maintenance workers for that facility. Mr. Triche further stated that the Parish has assigned the Grants Coordinator to make sure every renter is satisfied and provided her with a maintenance worker that works hard to upkeep the facility therefore he can't see what the issue is. He further pointed out that the Parish Manager authorizes employees out on overtime if there's a hard rain and the pumps are not working. He added that Jurors are not being polled, the Jury is not meeting to approve the overtime, and the Parish Manager is not being questioned because it's being done on an extraordinary extenuating circumstance that the Parish has authorized. He then proposed that given those circumstances when the Grants Coordinator runs into a situation due to weather conditions, etc. she be authorized to make the best decision for that facility.  
The Grants Coordinator stated that the facility has been open almost 5 years and the Parish is approaching almost it's 500<sup>th</sup> event there and she and the other employee has been on call every

weekend. She stated that there is nothing she desires more than the success of the facility and she would never request anything that is out of bounds, she's very mindful of the money that is spent there and doesn't wish to have anyone to make overtime if it's not needed. She stated that she has made many request to the Police Jury to provide assistance and she has come to more objection than none. The Grants Coordinator further informed the committee that the best interest of that building is her top priority and she would like the Jury to allow some bending at some point because every day brings on a different routine. Therefore, different decisions are needed to best run the facility and she feels she qualified to make those.

3. Committee member Martin Triche offered a motion, seconded by Mr. Chris Carter, "THAT, the committee approve and authoriz the Grants Coordinator to set a basic and flexible schedule for the maintenance employee worker and approve overtime as needed." The motion was unanimously adopted.
4. Committee member Martin Triche offered a motion, seconded by Mr. Chris Carter, "THAT, the committee enter into executive session to discuss personnel matters with the Buildings & Grounds maintenance employee." The motion was unanimously adopted.
5. Committee member Martin Triche offered a motion, seconded by Mr. Patrick Johnson, "THAT, the committee approve to resume regular session." The motion was unanimously adopted.
6. Chairman Booster Breaux stated that the committee entered executive session to discuss and reassure the job description of the maintenance employee. He then stated that no actions were taken.
7. Chairman Booster Breaux recognized committee member Chris Carter, who stated that an email was previously received regarding the staff attending a funeral of a family member. He proceeded to recommend that a policy be created to have each Supervisor to make that decision so an e-mail would not be needed. He then stated that if a parish wide event is being hosted and employees are needed to assist the employees should be authorized to assist without using their annual leave to do so.  
Following a brief discussion, it was agreed that an e-mail to the Jurors would let them know that the office is closed and the reason.
8. Committee member Chris Carter also spoke about the Emergency Leave policy as it relates to death and near death only. He suggested that this also be amended to reference emergency, (displaced due to hurricane, car accident, etc.) and the Supervisors be authorized to make that determination.  
The Secretary-Treasurer explained the incident and stated that the Police Jury at that time amended the policy to its current stipulation. She also stated that since the policy was revised, the request does not come up often.  
Following a brief discussion, the committee agreed that the current policy should be considered bereavement. They also suggested that committee member Chris Carter draft some language and submit to the Secretary-Treasurer for approval by the Jury. No action was taken.
9. Chairman Booster Breaux recognized the OHSEP Director, who stated that he conducted interviews of the 30 applications that were received. He explained that each person was given a word document to convert into a spreadsheet and a test. He then recommended that Ms. Kayla Thompson be consider for the position of OHSEP Planner at a grade 5 step 11.
10. Committee member Martin Triche offered a motion, seconded by Mr. Patrick Johnson, "THAT, the committee approve the recommendation of the OHSEP Director to hire Ms. Kayla Thompson as OHSEP Planner at a grade 5 step 11." The motion was unanimously adopted.
11. The OHSEP Director stated that the current Personnel Manual does not include the OHSEP Planner position therefore, he is suggesting approval of the job description and a resolution amending the policy to include the position and description.
12. Committee member Henry Dupre offered a motion, seconded by Mr. Myron Matherne, "THAT, the committee approve the job description for OHSEP Planner and amend the Personnel Manual to include the position and description." The motion was unanimously adopted.
13. Committee member Martin Triche offered a motion, seconded by Mr. Patrick Johnson, "THAT, there being no further business to come before the Personnel Committee, the meeting be adjourned." The motion was unanimously adopted.
