

CHAPTER 17

MOTOR VEHICLES AND TRAFFIC

Sub-Chapter A

In General

SECTION 17:1. ADOPTION OF LOUISIANA HIGHWAY REGULATORY ACT

Pursuant to the authority conferred by LRS 32:42, the provisions of LRS title 32, Chapter 1, commonly referred to as the "Louisiana Highway Regulatory Act", as amended, and all regulations of the State Department of Highways and the Director of Public Safety adopted pursuant thereto which govern the operation of motor vehicles, traffic, and streets are hereby adopted and made applicable to the operation of motor vehicles, traffic, and streets within the Parish of Assumption other than on state maintained highways and inside of the incorporated municipalities, except as such are in conflict or inconsistent with the provisions of this Sub-Chapter and except as such by their nature are inapplicable.

SECTION 17:2. DUTY OF OPERATORS TO COMPLY WITH HIGHWAY REGULATORY ACT; REQUIREMENTS FOR VEHICLES; DRIVER'S LICENSE REQUIRED

A. It shall be the duty of persons owning, operating, or having in charge or under their control or custody any vehicle including a bicycle or motorcycle, upon the streets, highways and roads of this Parish, and of all pedestrians, to observe and conform to the provisions, rules, and regulations of the Highway Regulatory Act as supplemented by the provisions of this Sub-Chapter and any other ordinance of this Police Jury providing with respect thereto and they are subject to the penalties imposed by this Sub-Chapter, if they do not observe and comply with such rules and regulations.

Comment -- Over the years, the Police Jury had adopted numerous ordinances providing traffic regulations in the parish. Many of these were obsolete, conflicted with one another and were at variance with state laws dealing with similar subjects. Prior to adopting this codification, the Police Jury directed that its traffic regulations be completely revised as herein set forth. This Sub-Chapter, therefore, represents a general revision to those earlier ordinances.

See LRS 32:42 for authority of parish governing bodies to adopt the Louisiana Highway Regulatory Act. See LRS 32:1 et seq. for the provisions of the Act.

§ 17:2

B. It shall be unlawful to operate any vehicle on any public way in this Parish which does not fully comply with all of the requirements of the Louisiana Highway Regulatory Act pertaining to lights, brakes, other equipment, safety devices, inspection, construction or maintenance.

Comment -- See LRS 32:51, 32:52 and 32:53 for similar state law requirements.

SECTION 17:3. DEFINITIONS

For the purpose of this Sub-Chapter, the words and phrases used in the Louisiana Highway Regulatory Act shall have the meaning ascribed to them in LRS 32:1, with the exception that:

1. Where the words "Department" or "Department of Highways" are used, they shall be deemed to include the Police Jury of the Parish of Assumption unless the meaning clearly indicates otherwise;
2. Where the words "Department of Public Safety" are used, they shall be deemed to include the Police Jury, the Sheriff and the Sheriff's Department of the Parish of Assumption, unless the meaning clearly indicates otherwise.

SECTION 17:4. MAXIMUM SPEED LIMIT ESTABLISHED

The maximum speed limit on unsigned roads in the Parish shall be fifty-five (55) miles per hour. (Motion of February 12, 1974)

SECTION 17:5. SPECIAL OR LIMITED APPLICATION TRAFFIC REGULATIONS, AUTHORITY OF THE POLICE JURY TO ESTABLISH

A. In addition to the general and universal traffic requirements established by the Louisiana Highway Regulatory Act, this Sub-Chapter or by any other ordinance of the Assumption Parish Police Jury, said Police Jury as a matter of administrative right, shall also have the authority to establish special or additional regulations limited in effect to individual roads or parts of roads.

B. Such special regulations may include, but shall not limit to providing special speed limits or zones, installing traffic control signals (stop and go lights), designating one-way streets, designating stop and yield intersections, providing special parking regulations, prohibiting parking in certain areas, etc. The imposition of such special or limited application regulations need not require the adoption of special legislation but shall be effective and shall be obeyed by all motorists and pedestrians, as the case may require, when appropriate signs giving notice of the regulations are erected by duly authorized agents or employees of the Police Jury at the direction of the Jury. When such signs have been installed, it shall be unlawful for any motorist or pedestrian, as the case may require, to fail to comply with their directives or instructions.

Comment -- Previously, the Police Jury had adopted a number of ordinances establishing speed restrictions on individual roads or parts of roads. These included, by way of example, a Motion adopted October 22, 1974 establishing a maximum speed limit of 25 MPH on Cyrile, Pauline and Daigle Streets of Cyrile Daigle Subdivision in Pierre Part; a Motion of June 24, 1975 establishing a maximum speed limit of 25 MPH on Teal Drive in Labadieville Estates Subdivision; a Motion of February 10, 1976 establishing a maximum speed limit of 25 MPH on Avenue A and B in Belle River Sites, Inc. Subdivision; a Motion of February 10, 1976 establishing a maximum speed limit of 25 MPH on extension of Paul Street in Paul

Landry Subdivision; a Motion of March 23, 1976 requesting the Department of Highways to extend the speed limit on La. 308 from the Labadieville Bridge south from 35 WH to 45 MPH; a Motion of April 13, 1976 establishing a maximum speed limit of 25 WH on Pecan Street, Convent Street, Cypress Street, Pine Street, Oak Street and all streets in the Steven Fertitta and Louis Molaison Subdivisions; a Motion of May 14, 1976 establishing a maximum speed limit of 25 MPH of Pecan Street in the Sam Aucoin Subdivision.

Because of the broad authority provided the Police Jury in Section 17:5 to establish special traffic regulations on individual roads, the contents of the earlier special laws were not set out separately in the 1977 codifications. Publication of the 1984 Code Update, however, changed this practice, and codification of ordinances establishing special traffic regulations began.

With the 1996 codification, obsolete street names were revised to reflect new street names enacted pursuant to the Ordinance of January 22, 1990, which established the "Assumption Parish Comprehensive Parishwide Addressing System". Additionally, Ward designations were eliminated from the text since the boundaries change every ten (10) years; and, streets were rearranged in alphabetical order.

Unless otherwise designated, the speed limits specified in Section 17:6 were established by ordinances adopted May 14, 1976, June 21, 1978, August 16, 1978, January 24, 1979, February 21, 1979, May 27, 1980, November 25, 1981, September 22, 1982, and March 23, 1983.
